GETTING STARTED

Knitting on Circular Needles

When knitting a vest or jumper on a circ needle, you have only the shoulder seams to sew together, and for a beanie and skirt you have no seam at all! To knit st.st on a circ needle you only make knit sts (No Purl sts) as you always knit in the same direction, like a spiral. This makes knitting very even, easy, quick. When knitting a jumper or vest on circ needles, knit up to armhole then continue on straight needles.

Knitting Garment on Straight Needles instead of Circular Needles

All garments, except for skirts, can be knitted on straight needles if you prefer this. Just halve the number of sts, to one FRONT piece and one BACK piece, and knit these separately. Add 2 extra sts to each piece (1st on either side) for side seams and then just follow the pattern. Make inc or dec

3 sts in from either side.

Correct Length for Garment and Sleeves

If you need to shorten or lengthen the sweater, do so before making decreases for the armhole. If you wish to lengthen it, add an extra 50 gram ball of yarn for every 7cm for women. If your height is less than 160cm, take 2cm off bodice and sleeve length. If you are taller than 170 add 2cm to bodice and sleeve length.

Moss st

Row 1: K1, P1, rep to end of row. Rep this row so K st goes over P st and P st goes over K st.

WORKING PATTERN FRONT & BACK (KNITTED IN ONE PIECE)

With Cc cast on 148(160, 172, 184, 196, 208)sts with size 4.00mm circ needle (to make the edge more elastic). Work sts over onto size 3.00mm circ needle (60 cm) with 1 row double rib. (K2, P2 alt) Close the loop to start knitting in the round, which means that beg and end of row is where first and last sts meet (and where piece of yarn left from casting on will be hanging down to mark the spot). Make sure that all sts are hanging down in the same direction, so edge is not twisted!

Work 12 cm double rib (K2, P2 alt).

Change to Mc, size 4.00mm circ needle (60 cm/24") and work st st.

Note: St st is only Knit sts on circ needle)

After 3 rows, work 3 rows Cc, then Mc until end of sweater. After 11(11, 13, 13, 15, 15)cm st st inc2 in either side of work as follows, starting from beg of row:

K1, inc1, K 69(75, 81, 87, 93, 99) inc1, K3, inc1, K 69(75, 81, 87, 93, 99) inc1, K2.

Rep this inc every 8th row 7 more times 180(192, 204, 216, 228, 240).

See that you with each inc have 2 more sts in the BACK and FRONT sections of garment so the increases stay straight above each other on the sides.

MEASUREMENTS

TO FIT BUST	80	85	90	95	100	105CM
FINISHED FIT	82	87	93	98	104	109CM
GARMENT LENGTH	64	64	66	66	68	68CM
SLEEVE LENGTH	59	59	61	61	63	63CM

When sweater measures 45(45, 46, 46, 47, 47)cm, divide work for armholes into one FRONT and one BACK piece, with equal amount of sts in each, to be knitted separately.

BACK

Work first 90(96, 102, 108, 114, 120)sts onto 4.00mm straight needles and cont with st st (= P1 row, K1 row alt on straight needles).
Cast off 4(4,3,3,2,2)

5(5,4,4,3,3) 5(5,4,4,2,2)

Then dec1 in beg of following 6 rows 66(70, 76, 80, 86, 90 left).
When armhole measures 21(21, 22, 22, 23, 23)cm cast off quite loosely.

FRONT

Work remaining 90(96, 102, 108, 114, 120)sts onto 4.00mm straight needles and

work as BACK.
When armhole measures 13(13, 14, 14, 15, 15)cm cast off for neck from RS as follows:

K 21(23, 25, 27, 29, 31)
cast off loosely 24(24, 26, 26, 28, 28)middle sts, K 21(23, 25, 27, 29, 31)
Work each side of neck separately.

FRONT, LEFT SIDE

Dec1, by knitting 2tog, one st in from neckline every other row 3 times. 18(20, 22, 24, 26, 28 left).
When armhole measures 21(21, 22, 22, 23, 23)cm cast off quite loosely.

FRONT, RIGHT SIDE

Work as left side, reverse shaping.

SLEEVES

With Cc cast on 56(56, 60, 60, 64, 64) sts with 4.00mm straight needles, then work sts over onto 3.00mm straight needles with 1 row double rib. Cont to work double rib 6 rows, Mc 4 rows, Cc 20 rows, Mc 3 rows, Cc 3 rows, Mc 30 rows.
Change to 4.00mm straight needles and work st.st. After 6 rows st st inc1 in beg and end of row, 3 sts in from edge. Rep this inc every 8th row 7(7, 8, 8, 8, 10) more times. 72(74, 78, 78, 82, 86 in all).
When sleeve measures 50(50, 52, 52, 54, 54)cm (or desired length) cast off 5(6, 6, 6, 6, 7)sts in beg of next 2 rows.
Then dec1 in beg of every row until top of sleeve measures

12, 12, 13, 13, 14, 14 cm. Cast off 3(3, 2, 2, 2, 2)sts in beg of next 6 rows.
Cast of remaining sts.

MAKING UP

Right Shoulder

Steam (do not press) lightly with iron around armhole and neck to flatten the edges. (Pin edges of armhole and neck alt onto ironing board before steaming, if you find this easier).
Using yarn sew Right shoulder seam tog from RS, in back loops of cast off sts, with an overcast stitch (similar to hemming stitch). This makes a decorative and smooth seam.

COLLAR

With 4.00mm circ needle, starting from RS and Front Left shoulder, pick up around neckline as follows:
25 (25, 27, 27, 29, 29) sts along Left Front neckline, 24(24, 26, 26, 28, 28)cast off sts along Front neck, 25 25 (25, 27, 27, 29, 29) sts along Right Front neckline, 31(31, 33, 33, 35, 35) sts along Back. 105(105, 113, 113, 121, 121 in all).
Cast on another 8 sts. 113(113, 121, 121, 129, 129 in all).
Work back and forth (Not in the round, to leave collar open) on circ needle.
Work first 8 sts and last 8 sts of row in moss.st, work the other sts in between in single rib for 2 rows and then in st.st (= 1K row, 1P row alt when knitting back and forth on circ needle) for the rest of the collar, starting with 1K row so the WS of collar faces out.
After 4 cm make a buttonhole by casting off 2 sts in the moss.st at back of collar, 3 sts from edge.
On the following row cast on

2 sts, where sts were cast off for buttonhole on previous row.
Rep every 4 cm two more times, to make 3 buttonholes in all.

When collar measures 8 cm, on RS in st st in between moss st, inc 10 sts evenly over row as follows:
8 moss st, K 2(2, 2, 2, 1, 1) *inc1, K 9(9, 10, 10, 10, 10) rep from* 9 more times, inc1, K 3(3, 1, 1, 1, 1) 8 moss st.
Rep this inc every 4 cm 3 more times, with 1 more st in between increases each time. 153(153, 161, 161, 165, 165 in all).
After last inc, when collar measure 20 cm, change to moss st 3 cm.
Cast off loosely.

MAKING UP

Fasten off all loose ends.
Sew Left shoulder seam together as Right shoulder seam.
On WS, overlap Back of collar's bottom edge moss st with Front of collar's bottom edge moss st and sew onto neckline with a backstitch.
Sew 3 buttons onto moss stitch in matching colour to Cc at Front of collar.
Pin sleeves onto ironing board and steam lightly around edges.
Using yarn, sew each sleeve together with a backstitch.
Sew sleeves into armholes also with a backstitch.

GLOSSARY

BEGINNER'S TOOL KIT

PINS

Plastic-head pins are useful for checking tension and blocking out items. Pins with coloured heads are best because they do not get lost in your work.

ROW COUNTER

A row counter is helpful for keeping track of rows worked, particularly where increases, decreases or other kinds of patterning occur.

KNITTING IN ELASTIC

Elastic yarn prevents sagging in cuffs, collars and waists. You can work it in with knitting yarn on knitted or crocheted garments.

KNITTING NEEDLES

Knitting needles are made from plastic, aluminium or wood and come in varying lengths and widths. Straight needles come in pairs and doublepointed needles come in sets of four.

KNITTING BAG

A knitting bag is essential for those who like to knit 'on the go'. Not only is it a practical way to keep all your knitting paraphernalia together, it also helps keep the yarn clean and tangle-free.

TAPE MEASURE

A basic tape measure is essential for checking your garment measurements.

KNITTER'S NEEDLES

Knitter's needles need to have a large eye and a blunt point so they do not split stitches when sewing up your knitting.

STITCH GAUGE

A stitch gauge is a flat piece of metal or plastic with a ruler marked on one side and/or a window

cut out in the centre. It allows you to mark and measure easily and accurately.

STITCH HOLDER

A stitch holder is used to secure stitches not in use. You can also use safety pins for holding a small number of stitches.

Diagram 1

Diagram 2

CASTING ON

Casting on is creating a row of loops on a knitting needle to form the base row for your knitting. One of the most popular methods of casting on is the cable cast on. Form a slipknot about 25cm away from the end of the yarn.

Place the slipknot on a knitting needle and pull gently to secure. Hold this needle in your left hand. Insert the right-hand needle through the slip knot. Pass the yarn over the point of the right-hand needle (see Diagram 1).

Pull a loop through the slip knot with the right-hand needle (see Diagram 2). Place this loop on the left-hand needle and gently pull the yarn to secure the stitch. For the remaining cast-on stitches, insert the right-hand needle between the slip knot and the first stitch on the left-hand needle. Wind the yarn around the point of the right-hand needle. Draw a loop through and place this loop on the left-hand needle. Continue in this manner until you have cast on the desired number of stitches.

KNIT STITCH

Diagram 1

Diagram 2

Once you have cast on, you then knit into the stitches you have made to form the knitted fabric. Hold the needle with the cast on stitches in your left hand, with the loose yarn at the back of your work. Insert the right-hand needle from left to right through the front of the first stitch on the left-hand needle (see Diagram 1). Wind the yarn from left to right over the point of the right-hand needle (see Diagram 2). Draw the

yarn through the stitch to form a new stitch on the right-hand needle. Slip the original stitch off the left-hand needle, keeping the new stitch on the right-hand needle. To knit a row, repeat these steps until all the stitches have been transferred from the left-hand needle to the right-hand needle. Turn your work, transferring the needle with the stitches on into your left hand to work the next row.

PURL STITCH

Diagram 1

Diagram 2

The purl stitch is basically the reverse of the knit stitch. Hold the needle with the stitches on in your left hand, with the loose yarn at the front of your work. Insert the right-hand needle from right to left into the front of the first stitch on the left-hand needle (see Diagram 1). Wind the yarn from right to left over the point of the right-hand needle (see Diagram 2). Draw the yarn through the

stitch to form a new stitch on the right-hand needle. Slip the original stitch off the left-hand needle, keeping the new stitch on the right-hand needle. To purl a row, repeat these steps until all the stitches have been transferred from the left-hand needle to the right-hand needle. Turn your work, transferring the needle with the stitches on into your left hand to work the next row.

CASTING OFF

KNITWISE

Knit two stitches. Use the point of the left-hand needle to lift the first stitch on the right-hand needle over the second, and drop it off the needle. Knit the next stitch on the left-hand needle so that there are two stitches on the right-hand needle again, and repeat. Continue in this manner until all the stitches have been worked off the left-hand needle and only one stitch remains on the right-hand needle. Cut the yarn, leaving a tail and thread the yarn through the loop and pull it firmly to fasten off.

Diagram 1

PURLWISE

Purl two stitches. Use the point of the left-hand needle to lift the first stitch on the right-hand needle over the second, and drop it off the needle. Purl the next stitch on the left-hand needle so that there are two stitches on the right-hand needle again, and repeat. Continue in this manner until all the stitches have been worked off the left-hand needle and only one stitch remains on the right-hand needle. Secure this last stitch as described in casting off knitwise.

Diagram 2

SUBSTITUTING YARNS

If you substitute or spin a yarn for a project, you can compare the weight of the yarn to the project yarn by comparing wraps per inch. Wrap your yarn around a ruler for one inch and count the number of wraps. If you have more wraps per inch than the project yarn, your yarn is too thin; if you have fewer wraps per inch than the project yarn, your yarn is too thick.

KNITTING TENSION

Checking your knitting tension, that is, the tightness or looseness of your knitting, is important. To check your tension, cast on 30 stitches using the recommended needle size. Work in the pattern until your work measures 10cm from the cast on edge then cast off. You now have a "swatch". Measure your tension by placing a ruler over your swatch and counting the number of stitches

across and rows down (including fractions of stitches and rows) in 10cm. Repeat these measurements two to three times on a different parts of the swatch to check your measurements. If you have more stitches and rows than called for in the instructions, you should use larger needles; if you have fewer, use smaller needles. Check your tension again before starting your project.

PROVISIONAL CAST ON (INVISIBLE CAST ON)

Place a loose slipknot on the needle in your right hand. Hold the waste yarn next to the slipknot and around your left thumb. Hold your working yarn over your left index finger.

*Bring the needle forward under the waste yarn, over the working yarn, grab a loop of working yarn (Diagram

1), then bring the needle to the front, over both yarns, and grab a second loop (Diagram 2). Repeat from * until you have the desired number of stitches on your needle. When you're ready to work in the opposite direction, pick out the waste yarn to expose the live stitches.

Diagram 1

Diagram 2

Diagram 1

BACKSTITCH

This is the stitch most commonly used for joining knitted garments. With the right sides of your work together, pin the knitted fabric together with the edges even. The seam should be sewn one full stitch from the end of the row. One stitch should be worked over every row. Thread the yarn needle. Insert the needle through both layers and sew two stitches to the left then one stitch back to the right. Keep stitches at an even distance. Continue working from right to left in this circular motion. (Diagram 1)

TASSELS

Cut yarn twice the length of your desired tassel plus a bit extra for the knot. According to the desired thickness of the tassel, select a number of lengths of yarn. Fold the lengths of yarn in half over a crochet hook. On the wrong side, insert the crochet hook from the front to the back through the edge of the work. Grab the yarn and pull through and tighten. Trim the ends to the same length.

KNOTTED FRINGE

After working a tassel, take one half of the strands from each tassel and knot them with half the strands from the neighbouring tassel. Trim.

CROCHET CHAIN

Make a slip knot on your hook. Pass the yarn over the hook and catch it with the hook and draw it through the loop on the hook. Repeat, drawing yarn through the last loop formed.

DOUBLE CROCHET (DC) (US SINGLE CROCHET SC)

Insert the hook through the top two loops of a stitch. Pass the yarn over the hook and draw up a loop so that you have two loops on the hook (Diagram 1). Pass the yarn over the hook and draw through both loops on the hook (Diagram 2). Continue in the same way, inserting the hook into each stitch (Diagram 3).

HALF TREBLE CROCHET (HTR) (US HALF DOUBLE CROCHET HDC)

Pass the yarn over the hook. Insert the hook through the top two loops of a stitch (Diagram 1). Pass the yarn over the hook and draw up a loop so that there are three loops on the hook (Diagram 2). Draw through all three loops on the hook (Diagram 3).

TREBLE CROCHET (TR) (US DOUBLE CROCHET DC)

Diagram 1

Pass the yarn over the hook. Insert the hook through the top two loops of a stitch (Diagram 1). Pass the yarn over the hook and draw up a loop so that you have three loops on the hook (Diagram 2). Pass the yarn over the hook and draw it through the first two loops on the hook, pass the yarn over the hook and draw through the remaining two loops. Continue in the same way, inserting the hook into each stitch (Diagram 3).

**SLIP STITCH CROCHET (SL ST)**

Insert your hook into the stitch. Yarn over the hook and draw the loop through the stitch and loop onto the hook.

I-CORD

With double-pointed needles, cast on the desired number of stitches. *Without turning the needle, slide the stitches to the other end of the needle, pull the yarn around the back and knit the stitches as usual. Repeat from * until your work measures the desired length

**PICKING UP DROPPED STITCHES**

A dropped stitch can be picked up using a crochet hook and don't be put off by stitches that have unraveled several rows down into the work. To pick up knit stitches, insert the crochet hook into the dropped stitch, draw through the bar lying above the dropped stitch and pull it through the loop of the dropped stitch.
